# SATHVIK YADAV

Software Developer | Python · Full Stack · SQL

sathvikyadav0714@gmail.com | +91 7842302322 | Hyderabad, India

LinkedIn: linkedin.com/in/sathvikyadav | GitHub: github.com/sathvikyadav0714

## PROFESSIONAL SUMMARY

B.Tech Data Science undergraduate building full-stack and data-driven applications using Python, Flask, and SQL. Experienced in developing scalable systems and interactive dashboards through end-to-end projects.

## TECHNICAL SKILLS

**Languages:** Python, SQL, JavaScript

**Web:** HTML, CSS, Flask

**Libraries:** Pandas, NumPy

**Concepts:** Data Structures & Algorithms, OOP, DBMS

**Tools:** Git, GitHub, MySQL, SQLite, Jupyter Notebook, VS Code

## PROJECTS

**IntelliGrid Pro – AI Energy Analytics Platform** *Live* | *GitHub*

- Built ML-based energy analytics system for usage prediction and anomaly detection
- Applied XGBoost and Isolation Forest for forecasting and abnormal pattern detection
- Developed interactive Streamlit dashboard with real-time insights and cost analysis
- Implemented what-if simulation to optimize energy consumption scenarios
- Validated model performance using simulated datasets and anomaly detection evaluation

**Tech:** *Python, Pandas, NumPy, XGBoost, Isolation Forest, Streamlit*

**Campus EventHub – Full Stack Event Management System** *Live* | *GitHub*

- Developed full-stack web app with role-based authentication (admin/student)
- Built event registration system with mock payments and automated PDF certificates
- Designed admin dashboard for event analytics and user tracking
- Optimized backend and database queries for efficient multi-user handling

**Tech:** *Python (Flask), HTML, Bootstrap 5, SQLite, ReportLab, Git*

**ATS Resume Tracking System (LLM-Based)** *GitHub*

- Built resume-job matching system using LLM-based text analysis
- Implemented keyword extraction and similarity scoring for evaluation
- Generated automated suggestions to improve ATS compatibility

**Tech:** *Python, Streamlit, Text Processing*

## EDUCATION

**B.Tech in Data Science** — Malla Reddy University, Hyderabad (2023–2027) **CGPA: 8.07 / 10**

Intermediate (MPC): 94.1% | SSC: GPA 9.8

## CERTIFICATIONS & ACHIEVEMENTS

- EduSkills – Python Full Stack Internship Program
- Python Bootcamp (Udemy) – Python, OOP, Flask, and Automation
- JP Morgan – Software Engineering Virtual Experience (Forage)
- Deep Learning Workshop – TensorFlow & Keras
- Top Performer – Trailbliz Training Program
