

SATHVIK YADAV

Software Developer | Python · Full Stack · SQL

sathvikyadav0714@gmail.com | +91 7842302322 | Hyderabad, India

LinkedIn: [linkedin.com/in/sathvikyadav](https://www.linkedin.com/in/sathvikyadav) | GitHub: github.com/sathvikyadav0714

PROFESSIONAL SUMMARY

B.Tech Data Science undergraduate building full-stack and data-driven applications using Python, Flask, and SQL. Experienced in developing scalable systems and interactive dashboards through end-to-end projects.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript

Web: HTML, CSS, Flask

Libraries: Pandas, NumPy

Concepts: Data Structures & Algorithms, OOP, DBMS

Tools: Git, GitHub, MySQL, SQLite, Jupyter Notebook, VS Code

PROJECTS

IntelliGrid Pro – AI Energy Analytics Platform [Live](#) / [GitHub](#)

- ▶ Built ML-based energy analytics system for usage prediction and anomaly detection
- ▶ Applied XGBoost and Isolation Forest for forecasting and abnormal pattern detection
- ▶ Developed interactive Streamlit dashboard with real-time insights and cost analysis
- ▶ Implemented what-if simulation to optimize energy consumption scenarios
- ▶ Validated model performance using simulated datasets and anomaly detection evaluation

Tech: Python, Pandas, NumPy, XGBoost, Isolation Forest, Streamlit

Campus EventHub – Full Stack Event Management System [Live](#) / [GitHub](#)

- ▶ Developed full-stack web app with role-based authentication (admin/student)
- ▶ Built event registration system with mock payments and automated PDF certificates
- ▶ Designed admin dashboard for event analytics and user tracking
- ▶ Optimized backend and database queries for efficient multi-user handling

Tech: Python (Flask), HTML, Bootstrap 5, SQLite, ReportLab, Git

ATS Resume Tracking System (LLM-Based) [GitHub](#)

- ▶ Built resume-job matching system using LLM-based text analysis
- ▶ Implemented keyword extraction and similarity scoring for evaluation
- ▶ Generated automated suggestions to improve ATS compatibility

Tech: Python, Streamlit, Text Processing

EDUCATION

B.Tech in Data Science — Malla Reddy University, Hyderabad (2023–2027) **CGPA: 8.19 / 10**

Intermediate (MPC): 94.1% | SSC: GPA 9.8

CERTIFICATIONS & ACHIEVEMENTS

- ▶ EduSkills – Python Full Stack Internship Program
- ▶ Python Bootcamp (Udemy) – Python, OOP, Flask, and Automation
- ▶ JP Morgan – Software Engineering Virtual Experience (Forage)
- ▶ Deep Learning Workshop – TensorFlow & Keras
- ▶ Top Performer – Trailbliz Training Program
